- Support of a More Restful Sleep
- Ultra-Potent Source of Ellagic Acid

Acai (pronounced Ah-ci-EEe) palm trees are found deep in the Amazon rainforest of Brazil. These trees produce small purple berries, **Acai** berries, that look like dark purple cranberries. Although they have large pits and very little pulp, these **Acai** berries have been called nature's most nutritious fruit.

Acai is high in protein, fiber, vitamins, and minerals. Also, it is especially high in anthocyanins, which turn the berries their dark color. This pigment is a potent antioxidant. **Acai** has 33 times the anthocyanin content of grapes. It is packed with vitamins B1, B2, B3, C, and E. **Acai** also provides minerals such as Calcium, Potassium, and Phosphorus as well as essential fatty acids and a wealth of micronutrients. Its nutritional profile has gotten the attention of **Oprah**, **NBC**, and **Sports Illustrated**, all of whom featured **Acai** as an important food for health.

In recent years, detoxifying the colon has become one of the most popular therapies commonly recommended by natural health practitioners....and for good reason. More than 50 percent of the immune system is located in or around the digestive system - especially the large intestines. This means that until the colon is thoroughly cleansed and the toxins removed, nutrients will not absorb properly and digestion may be hindered leading to constipation, gas, bloating, IBS, headaches, bad breath, allergy symptoms, PMS, fatigue, depression, irritability, frequent infections, and weight gain.

Knowing how important it is to cleanse the bowels as a first step to obtaining and maintaining good health, Meta Labs developed **ACAITOX-15™**. A colon detox program to help you scrub and remove hardened fecal matter, toxic materials, and parasites from the colon. And since Meta Labs manufactures our own products within our own labs, we can assure that you are receiving some of the purest, most well designed formulations on the market. You will no longer suffer the effects of sluggishness or fatigue while your body detoxifies.

Ingredients: Fennel seed , Cascara Sagrada, Golden Seal, Ginger, Psyllium Seed, Buckthorns Root, Licorice Root, Rhubarb, Citrus Pectin, Acidophilus, Aloe Vera, Cayenne Pepper , Sienna, Oat Bran, Prune Juice and flax Seed oil, (Proprietary blend).
