BRAZILIAN INNER FRESH

Purifying Liquid Drink

BRAZILIAN INNER FRESH Body Cleanser drink is brewed from Brazilian Herbs and Roots Used by the natives for many years for purposes including body cleansing, energy and inhibiting infection from occurring. These herbs and roots have not been tested by the FDA but many Brazilian natives have been using them for many years. The combination of these different herbs and roots creates a perfect natural daily supplement that will change your life

BRAZILIAN INNER FRESH:

- . May help to assist in a whole body cleanse.
- . May help to flush the blood, spleen, kidneys, liver & cell wall.
- . Its antioxidant properties may help to oxidize free radicals.
- . It contains Muira Puama & Catuaba which may help to increase the bodies sexual energy.

Researchers claim Catuaba includes alkaloids (catuabine A, B, and C), tannins, aromatic oils and fatty resins, phytosterols.

It has been claimed by researchers phytosterols so closely resemble cholesterol that they can actually block food-based cholesterol from being absorbed into the bloodstream. In addition AACR (American Association Cancer Research) show studies that Cyclolignans act as Inhibitors of the Insulin-Like Growth Factor-1 Receptor and Malignant Cell Growth. Brazil: Claims use of Catuaba as an aphrodisiac, central nervous system stimulant, and tonic; for exhaustion, fatigue, forgetfulness, frigidity, genitals, general pain, hypochondria, impotence, insomnia, nervousness, nerve pain, poor memory, sexual weakness, sleep, syphilis.

Peru: claim uses for skin cancer

United States: claims to use as an aphrodisiac, stimulant and tonic; for fatigue, impotency, insomnia, nervous exhaustion, nervous system weakness, pain, poor memory, sleep, weakness.

No de cachorro: The indigenous population also used and still uses the Brazilian flora for the cure of ills and rituals. Recent scientific studies reinforce this hypothesis and currently many of these species have been the subject of study for the production of antimicrobial activity through rational exploitation.

Mimosa hostilis (Jurima) has been valued for thousands of years in South America for its entheogenic properties.

Recommended Dose: SHAKE WELL. On the first day of use, drink Four (4) tablespoons then Two (2) tablespoons once a day. Pour into a cup of water or your coffee and drink. You will see the results in two weeks or less. This liquid is designed as a supplement. It is not intended to replace your doctor visit.
