In minutes the pain begins to subside and you'll feel mobile again. And .... It lasts a long time!

### Health Tip

Emu Oil – Emu Oil is an all-natural food by-product used by the Aborigines of Australia for thousands of years. It contains high levels of linoleic acid, which is known to help ease joint pain. It also contains oleic acid, which is a natural anti-inflammatory. Emu Oil helps pull ingredients deep into the dermis to help relieve pain quickly.
