

NX2

- INCREASES PERFORMANCE
- ENHANCES MUSCLE RECOVERY
- MUSCLE BUILDING VASO-DILATOR

Have you been looking for a MUSCLE PRODUCT that will extend muscle pump, increase your strength, growth, and stamina? How about recovery and recuperation after a hard workout? Look no further.

An amazing amino acid that can increase growth hormones, boost cardio energy, and pump up your libido. L-Arginine is becoming a popular longevity nutrient, as a hidden bonus, also used as a "natural Viagra™" substitute that flushes the body with nitric oxide, which can lead to arousal. You can get all the power you need to feel vibrant, healthy, and aroused.

Nitric Oxide, a key molecule manufactured by the body, can cause vasodilation (an expansion of the internal diameter of blood vessels), which in turn leads to increased blood flow, oxygen transport, delivery of nutrients to skeletal muscle, and a reduction in blood pressure. Amino Acid compounds **L-Arginine Alpha-Ketoglutarate** and **L-Arginine-Ketoisocaproate** can boost short term nitric oxide levels. An increase in strength, and noticeably, improved stamina can also be predicted. Build the stamina that will help you enjoy life and everything it has to offer. Compare our strength to the leading NX2 products.

Directions:

Take **four (4) tablets twice daily** - once in the morning on an empty stomach and 1/2 hour prior to lunch. To maximize results, drink at least 64 oz. of water daily while using this product.
